## **24-HOUR TIRE ROADSIDE ASSISTANCE**

Emergency Roadside Assistance is available 24-hours a day, 365 days a year, anywhere in the U.S. or Canada on the tires you have just purchased. This service is valid for two years from the date of purchase.

Tire Protection Plus consists of emergency road service dispatched to change a customer's tire with the customer's inflated spare. Only the vehicle for which the tire(s) was purchased is covered under this program. Service is performed on a "sign & drive" basis, whereby the customer is not charged for approved service up to a maximum benefit amount of \$60.00 dollars USD per event. Service charges over the maximum benefit amount are the sole responsibility of the customer and shall be paid directly to the service provider at the time of service. Service is for trailers only with tires not exceeding twelve (12) ply or load range "F" ratings. Theft, vandalism, accident related incidents and commercial vehicles are not covered. Service may not be available in areas where state/provincial providers are exclusively utilized.

Any additional services requested will be available at the customer's sole responsibility and cost. Service may not be available in areas where state providers are exclusively utilized.

The national average time per response for service normally does not exceed forty-five (45) minutes, however, there are service calls that exceed that time due to distance and circumstance.
